Miracle River Flowing

—excerpts of *Words of the Spirit Communion Words* from 8-23-09—

...I say that it is through me the Living God that you will be uplifted, directed and guided in the truth of who I am. I say be thankful that it is me the Living God who will cause thee to be purposed always by me. I say that it is me the Living God who does delight in a people who will be yielded over. That is yielded over to my merciful presence, the truth of who I am. Therefore I say this day be glad that it is me that

you are privileged to look unto and believe. **I say be glad that you will indeed see the Miracle River that it is me the Living God who does bring it forth.** I say be thankful that the flow of my mercy is never ending towards those who repent and turn from their wicked ways.

...I say be glad that you are brought forth ever directed and guided in truth. I say that if it is me the Living God that you will continue to believe, to trust and obey, it is me the Living God who will cause thee to be ever brought forth. It is me the Living God who will cause thee to be uplifted and guided, directed and instructed in my way. **I say that it is the time to rejoice for it is the time of my harvest. I say that I the Living God desire the laborers to go into the fields bringing in that which is ready for me. I say there are souls that I have indeed prepared to receive the word of my salvation. I say there are souls who are so wearied in the way of their own unrighteousness, of their own iniquity, of their own sin they are ready to come over to me.**

But I say if my own people will not go forth into the harvest what is it that I do? **I say I watch while the labor I have put upon men does nothing but dry up and blow away. I say that when my own people will not harvest the souls that are ripe and ready I say that those souls are left unattended and are not brought into me.** I say this day be quick, be willing to put your hands into the harvest for it is nigh at hand.

...I say this day be thankful that it is me the Living God who will indeed call forth my mighty army, who will come forth in me. That is they will come forth willing and obedient to my Spirit commands. I say that it is me the Living God who will cause it to be so.

...I say be thankful that it is me the Living God who can even cause the dry bones to live again. I say this day be glad that **I am the one who will send forth my Spirit waters, my MIRACULOUS RIVER OF LIFE flowing out unto all who will drink of the same.** I say that it is the time of my outpouring, my out flowing and there is no cessation to me. I say that I am indeed the endless God, the infinite flow of life unto the thirsty, unto the hungry, unto the perishing.

I say if men will drink of the waters of life that I give I say they shall live. I say this day be thankful, be thankful, be thankful that it is me the Living God who does provide the life, who does provide the strength, who does provide the mercy. I say be thankful that you can indeed keep your focus ever upon me. I say that if it is me the Living

God that you will continue to believe, to trust and obey, it is me the Living God who will continue to manifest my glory. It is me the Living God who will continue to manifest that I am the I AM and that you can be ever looking unto me.

I say this day it is not the time to mourn, it is the time to rejoice in my mercy. I say that I the Living God have had mercy upon thee and I will restore thee in all the areas where you need the restorative powers that are found in me. I say that if you will keep your focus, your vision upon me, you will see that I am able. That is you will see that I am able to uplift, to direct, to lead, to guide the ones who are mine. I say this day be glad that you are privileged to look to me, to believe in me, to see my hand revealed.

...I say that it is me the Living God who is able, I am able, I am able. **I say that the more that you trust me, the more that you will see that I move. The more that you trust me, rather than circumstance, the more that you will see that I am the God of impossibility.** I say this day set your hope aright that is upon me and you will see that I never fail. That is I never fail to show forth the glorious essence, the marvelous presence that is found in me. I say that you will see that yes indeed while men are falling and faltering and failing that I the Living God will bring forth the troop of my own. I say that they shall not be stumbling and falling about but they shall be walking soundly in me.

...I say that I am indeed the source of life, the source of strength, the source of safety unto thee. I say if it is me the Living God that you will follow after and obey, it is me the Living God who will cause thee to be made glad day by day. **I say you will see the flow of my river as it pours forth unto the sons of men. I say you will see THE FLOW OF MY MIRACLES NEVER CEASE for I am the miracle working God.** I say this day be glad that you are privileged to partake of the harvest, be glad that you are privileged to partake of the labor, be glad that you are privileged to be in the life that is found in me. I say be thankful that I am the truth, that I am the light, that I am the mercy intended. **I say jump full abreast into the flowing waters for they are all about. I say wade on and on, and on and you will see that there is no end to what I the Living God will do.** I say for those who believe, yes they will receive for there is no end to me. **I say it is not the time of the trickle, it is not the time of the drops, IT IS THE TIME OF THE FLOW. That is the flow of my Miracle River unto the thirsty, unto the weary, unto the perishing, unto those who languish.** I say that it is through me the Living God that men shall drink of the refreshing waters from on high. I say that they shall be renewed, restored, going forth declaring the goodness of who I

am.

I say this day give the thanks, the praise, the honor, the glory unto me for I am the **Miracle Working God**. I say that through my Miracle River flow that many, that is endless streams of men and women shall be redeemed.
